

## Feed Kearsarge - Tray it Forward Map

### This is the general map of your tray.

As with all gardening, there may be some variance!

How to care for your seedlings while they are still in the tray...

Please keep all your seedlings well watered as it is summer and the soil cells are small.

It is recommended to water the tray twice per day and keep the seedling trays out of direct sun.

### Large Garden Tray

#### *top-o-tray - wooden tag*
